You are not to blame

It is not your mistake; to live in a society where more attention is spent on chasing money than being of value to others.

In fact, we chase other meaningless pursuits so much that we forget the power of words.

Through the ages, words have inspired individuals and nations from all aspects of life.

And even though they are forgotten, their power remains unparalleled.

As I have spent most of my younger years in battle; not knowing what was the ultimate truth, these kind of quotes have kept me going. While I was serving others, they have served my soul.
